

Membership Incentive Program “Try Something New”

The Mid-Atlantic Soybean Association (MASA) is offering our “Try Something New” Membership Incentive Program. We hope you will take this opportunity to experiment when you are choosing your free bags of seed soybeans. This soybean seed company sponsored program entitles any MASA/ASA soybean grower who plants at least ten acres of soybeans with a 3-year new or renewed membership to **five free standard size bags of seed**.

To participate, simply complete the form below indicating the brand of soybean seed you would like to try, and mail it along with your check of \$210.00 for a 3-year membership.

You will then receive a certificate for five free bags of seed from the participating seed company of your choice, as well as a membership card from the ASA. In consultation with your local soybean seed dealer, you make the ultimate decision about which variety you will receive from the company you have selected. We will send the names and addresses by brand chosen to the appropriate soybean seed company’s statewide contact person and they will contact you.

In addition, you’ll be joining over 22,000 other growers across the country that are showing their support for the soybean industry. Locally, you’ll be supporting MASA activities such as visits to Capitol Hill educating our elected official about the soybean industry.

PCGA Membership Incentive Program

“Try Something New”

PCGA is once again offering our “Try Something New” Membership Incentive Program. This seed corn company sponsored program entitles any PCGA/NCGA corn grower who plants at least ten acres of corn with a 3-year new or renewed membership to a free standard size bag of seed corn. We hope you will take this opportunity to experiment when you are choosing your free bag of seed corn.

To participate, simply complete this form indicating the brand of seed corn you would like to try, and mail it along with your \$110.00 check for a 3-year membership. Limited to PA corn growers.

You will receive a certificate for a free bag of seed corn from the participating seed company of your choice and a membership card from PCGA/NCGA. In consultation with your local seed corn dealer, you make the ultimate decision about which hybrid you will receive from the company you have selected. PCGA will send the names and addresses by brand chosen to the appropriate seed corn company's statewide contact person.

In addition, you'll be joining over 37,000 other growers across the country by showing your support for the corn industry. Locally, you'll be supporting PCGA activities such as Corn Talk, our Corn Conferences and other local corn promotion activities.
